INTERNATIONAL SCHOOL DELFT

Who is eligible to attend ISD?

International School Delft warmly welcomes students of all nationalities, faiths, beliefs, and cultures.

Students may qualify for a place at the International School Delft if ¹:

- A. The student has a non-Dutch nationality/is a foreign passport holder and one of the parents/legal guardians is employed in The Netherlands for a period of time; or
- B. The student has Dutch nationality and has lived and attended school(s) abroad for at least two years because one of the parents/legal guardians was living abroad.
- C. The student has Dutch nationality and has a parent/legal guardian (with whom the student will be living) who will be living abroad within two years and for at least two years (this should be supported by a written statement of intent by parent or employer).

Admission to the International School Delft (ISD) will be dependent upon the school programme being appropriate for the applicant's needs and places available. ISD Primary offers the IB Primary Years Programme (IB PYP) and Secondary offers the IB Middle Years Programme (IB MYP) and the IB Diploma Programme (IB DP).

Whether the school is appropriate for the student is determined by previous school reports, personal interviews, details of any Special Educational Needs and contact with previous school(s). In 2025-2026, at the secondary school, MYP years 1, 2, 3, 4 and 5 will be open to students with a wide range of abilities, who can prove that they are able to follow the IB MYP curriculum. This will be determined by (previous) school reports, personal interviews, and any other data such as cognitive ability tasks, which the school considers relevant.

The two-year Diploma Programme (DP1 and DP2) is a challenging programme designed by the International Baccalaureate as a pre-university package of learning. Admission to DP is dependent on whether a student is considered able to complete the course with success. This will be determined by (previous) school reports, personal interviews, and any other data such as cognitive ability tasks, which the school considers relevant.

Prospective parents should complete the forms on our online Admissions system OpenApply at <https://isdelft.openapply.com>

Parents/guardians will be asked to set up an account in OpenApply which will enable them to log in and view the status of their application process. It will also enable parents/guardians to upload the required documents, such as a copy of the student's passport and reports from previous school(s), where applicable, and communicate with the Admissions Team.

Application Fee

For the school to process any application, an application fee of €250 should be transferred to an ISD bank account set up for this purpose. Proof of payment of the fee should be uploaded before parents will be able to continue with the application process.

Please note that the payment of the application fee is non-refundable and does not guarantee a place in the school nor can any rights be attached to payment of the fee.

¹ Admission to the Dutch International School is subject to conditions in accordance with Dutch legislation.

Through OpenApply, the school will confirm the receipt of an application. An admission interview will be arranged on location or via video call. Admission to the school will only be confirmed once it has been approved by the Head/Deputy Head for Primary or the Head/Deputy Head for Secondary.

!!Please note that this bank account is for payment of the application fee only!!

Bank Details for the account for payment of the application fee

These are as follows:

Name of Bank: ABNAMRO Bank
School Account: NL74 ABNA 0872 2979 18
Swift/BIC code: ABNANL2A
Make Payable to: Stichting Lucas Onderwijs inz. International School Delft (ISD)
Address Bank: Gustav Mahlerlaan 10, 1082 PP Amsterdam

All payments should clearly display the student's name and the preferred year and class of enrolment.

For students transferring from ISD Primary to ISD Secondary, there is no application fee.

NB: the Dutch government regards primary and secondary schools as separate entities, it is a legal requirement to re-submit personal data of the student and the parents, including copies of a passport, for students transferring from ISD Primary upon application to ISD Secondary. When transferring from ISD Primary to Secondary parents may be asked to provide evidence of temporary stay in the Netherlands

School Fees: General Information

International School Delft is a Dutch International School and therefore partially funded by the Dutch government and partially by parent contribution/school fee.

As an educational institute, we are a non-profit organisation. Our budget, income and expenses are fully committed to the quality of education and the school organisation in general.

The governing boards of Laurentius (Primary school) and Lucas onderwijs (Secondary school) are responsible for the financial planning and control of both schools and the Leadership of both Primary and Secondary are responsible for the annual and multi-year financial planning and allocation of budgets for the schools.

The participation councils of both Primary and Secondary, including staff and parent representatives, have the responsibility to advise and/or consent to policies and changes regarding school organisation. Annually, they check the financial status of the organisation as well as the Standard Terms and Conditions to assure good governance of the school and fair and reasonable changes to policies and fees.

The school fees are established annually for the following academic year, taking into account, among other considerations, indexation/inflation.

In addition, the school reserves the right to further adjust the school fee in order to accommodate changes, such as in state funding of school fees, any increases in external examination fees, extension of facilities and programmes offered.

Acceptance Form

Once parents/guardians have accepted the offer of a place for their child, and ticked the acceptance box in OpenApply, they have agreed with and accepted the Standard Terms and Conditions 2025-2026, including the financial obligations.

Confidential Information and Data Privacy

The school complies with the Dutch legislation on privacy, but it is ISD's practice to show photographs and video footage of school activities and events on its website, in various school publications and on social media. The school may also include them in press releases and advertising.

To give permission to use images for this purpose, parents/guardians will be asked to sign a photo release form. Permission can be withdrawn in writing at any time, but not retrospectively.

Parents accept that it is the school's legal duty to provide data requested by the Government and other official authorities. However, this information will be limited to what is necessary to fulfil the legal requirements.

Invoicing and Payment

For the school fees and additional fees, the school will send invoices to all parents/guardians via email through the invoicing system, WisCollect. The invoices may be downloaded, and the status of the amounts charged may be viewed online by the parents/guardians through the link which they receive. Payment can be made online via iDeal (preferred) or by bank transfer to the relevant bank account on the invoice.

Please note that there are separate accounts for Primary and Secondary!

For the 2025-26 academic year, invoices for school fees will be sent at the end of May 2025 to all parents/guardians of current ISD students, as well as to those with confirmed enrollment for the upcoming year.

Non-payment

Any non-payment of fees may be transferred to the external debt collector and all costs charged to the parent/guardian. International School Delft may then refer the student(s) concerned to a national public school programme. NB. Admission to these schools is not automatic.

Instalment Option

For the school fees only, there is the possibility for payment by instalments. The number of instalments depends on when the student joins the school, but the maximum number of instalments is 8.

The condition for payment by instalments is that the payments are made on the due dates in accordance with the payment schedule provided by the school and WisCollect. There is no instalment option available for students joining ISD after December 2025.

For those parents/guardians paying in instalments, the fees should be fully paid by 30 January 2026.

Any request for payment by instalments should be sent to finance@internationalschooldelft.org.

Parents/guardians will receive a confirmation with a payment plan.

Additional payments

Unforeseen trips and activities may occur throughout the academic year for which additional costs will apply.

The fees and costs also exclude any additional charges for specialist learning support, after-school clubs or mother-tongue lessons.

Deposit

The deposit of €500, which is charged to all new ISD students, is a once-only charge and is refundable on leaving ISD when school property has been returned and there are no outstanding financial obligations. If a student transfers from Primary to Secondary and the deposit was paid in Primary, the deposit will be automatically transferred to Secondary.

Technology in Secondary

Secondary students in MYP years 1, 2, 3, 4 and 5, as well as in DP1 and DP2, will use a MacBook for work both at school and at home.

New students in MYP 1, 2, and 3 have an option to receive a new MacBook supplied by the school under a school lease contract (including insurance), which needs to be requested in the enrollment/application form. After the contract fees have been fully paid during a 3-year period, the MacBook becomes the property of the student. Technology fees are invoiced annually for students with a laptop contract (school year 2023-2024 or later) during the contract period which is normally three years.

Alternatively, students may purchase their own MacBook, with the required specifications (see Technology Specifications 2025-26). As a sustainable school, we encourage students to purchase refurbished MacBooks (please see possible suppliers of refurbished MacBooks in the Netherlands in the technology specifications document). Students who own their laptops are strongly advised to take out insurance cover with an option of replacement in case of device malfunction or have other options for ensuring accessibility of a laptop in case their device breaks.

For the new students in DP1 and 2 it is mandatory to purchase their own MacBook with the required specifications, as we do not offer a contract for a two year programme.

Summary:

Students and parents/guardians with a MacBook supplied by the school will be required to:

- A) sign a contract with ISD regarding the use of the MacBook. The technology fee for the MacBook is payable for a period of three years. After the three years' period, the MacBook will become the property of the student. New MacBooks include a 3-year insurance (see the MacBook contract).
- B) have an own MacBook with the correct Technology specifications 2025-26 (see Technology specifications 2025-26). This own MacBook will not fall under any insurance effected through the school and responsibility for maintenance/repairs will remain with the student and ensuring that they have an alternative device to use for school assignments while their device is unavailable.

Withdrawal From School and Refund Policy

Parents/guardians of students who are withdrawing are required to download and submit a leaving form to the school administration. Unless full notice is given by submitting the completed withdrawal form 60 days in advance, fees will continue to be charged. Students leaving ISD are required to clear all obligations before final records are released to the next school and the deposit is refunded.
